

FOR IMMEDIATE RELEASE

JULY 22, 2014

**THE NEW LOVE 'N FAITH COMMUNITY CAFÉ MAKES
NATIONAL ICE CREAM MONTH A LITTLE SWEETER
IN WASHINGTON, D.C.**

***New DC café serves up homemade liquid nitrogen ice cream,
a healthy helping of inspiration, and more!***

WASHINGTON, D.C. (July 22, 2014) – There's a brand new sweet spot to explore in Washington, DC — the **Love 'n Faith Community Café**. The café is located at 2424 14th Street NW in the up-and-coming neighborhood of Columbia Heights and is serving up *much more* than the café connoisseur might expect.

Among the most delectable highlights of the newly opened Love 'n Faith Community Café are its in-house **Faithfully Sweet brand ice cream and fresh fruit sorbets made in the most fantastically fun and scientifically sweet manner using liquid nitrogen**. The crawling, fog-like liquid nitrogen vapor billows from behind the counter as the café staff custom freeze each batch. Customers enjoy the making of their ice cream *almost* as much as they enjoy the eating of it. The café serves six to ten distinctly

delicious flavors each day and makes their custard bases onsite. Each day, at least one flavor is offered that utilizes only natural sweeteners such as honey, agave, and pure maple syrup.

Those in DC partaking in the home stretch of **National Ice Cream Month** will want to make Love 'n Faith Community Café part of their celebratory efforts. DC folks may also be interested in knowing that **Faithfully Sweet ice cream was the first liquid nitrogen ice cream to be served in our nation's capital in 2011 when Faith Holmes unveiled her Faithfully Sweet product line at the Washington DC Convention Center.** *"It is a dream come true to have a new, dedicated home for Faithfully Sweet products and to offer the community a special place to come and enjoy good tastes and good times,"* says Faith Holmes, owner/founder of Faithfully Sweet Ice Cream and Love 'n Faith Community Café.

Other tantalizing treats offered by the café include signature coffee and espresso drinks, homemade baked goods, and a variety of fresh fruit smoothies. Those with a more health-conscious palate may want to try something from the juice bar.

A visit to the café reveals that Holmes has created **a vibe that reaches beyond the taste buds and into the soul to provide a uniquely delightful experience.** The words of poets and prophets grace the café's tabletops while uplifting music contributes to the inspirational atmosphere. A community board invites customers to answer questions such as, "What Makes You Happy?" In essence, **the café is designed to feed not just the body, but also the mind and spirit.**

###
